OPINION

Plaintiff filed this lawsuit asserting that defendant committed fraud in relation to a class action settlement. This lawsuit is now before the court on the recommendation of the United States Magistrate Judge that defendant's motion to dismiss be granted and that the case be dismissed with prejudice. Also before the court are plaintiff's objections to the recommendation, which are contained in a document labelled as a complaint; plaintiff's motion for judgment on the merits; and defendant's motion to strike. After an independent and de novo review of the record, the court concludes that plaintiff's objections

should be overruled, the magistrate judge's recommendation adopted, defendant's motion to dismiss granted, plaintiff's motion for judgment on the merits denied, and defendant's the motion to strike granted in part.

An appropriate judgment will be entered.

DONE, this the 11th day of October, 2018.
